Borrow it if you have to, but read it.

Ladies Must Defend Old Glory

The demands of the Government as well as the private business concerns cause us to put forth an extra effort to prepare young women to take places in the offices made vacant when the young men must follow the flag. Girls must be patriotic as well as the boys and this is one very essential way in which they can show their loyalty to the flag. Our summer school will have no vacation so you should start now and be ready to go into the office before the end of the year. We are making special rates to all during the summer. Write for special proposition.
